**Emergency Alert System**  
**Required Monthly Test Schedule for all Kentucky Stations**

- Originators should run test within 5-minutes before or after the scheduled time.
- All stations are required to retransmit the test within 1-hour after the test is received.
- All Local Primary (LP) stations are requested to relay within 10 minutes of reception.
- Please post this at the station control point, to ensure that operators will be prepared.

MONTH	ORIGINATOR	DAY	DATE	TIME (Eastern)
January	WHAS/WAMZ	Wednesday	Jan. 17th	10:37 a.m.
February	EOC	Wednesday	Feb.14th	12:07 a.m.
<i>*March</i>	<i>NWS</i>	<i>Thursday</i>	<i>March 1st</i>	<i>10:07 am</i>
<i>*This Tornado Drill will be conducted by the National Weather Service, under the TOR header, and therefore does not qualify as a Required Monthly Test for March. In the case of threatening weather on Mar. 1st, the test will be run on March. 2nd or as soon as weather allows, as deemed appropriate by the NWS. In this event, NWS, KBA. and all EAS participants would keep the public apprised.</i>				
<i>Note- As the Drill will be triggered using the TOR code... for most stations, it will automatically forward, immediately upon receipt.</i>
